Call for Price M2

Installation

• Get call for Price extension from Milople Magento 2 extension store

• Unzip the extension and copy the folder structure in your store.

• Create directory called "code" if you are installing first extension inside the "app" directory then create "Milople" directory inside the code and paste the folder structure from module to that directory

• So, your folder structure will be like following

app/code/Milople

Activation

• open command line in folder root of Magento and run following commands via SSH using putty or others,

```
php bin/magento setup:upgrade
```

Uninstallation and urgent deactivation

1. Deactivate Module using command

• Open command line in root of Magento and run following commands via SSH using putty or others.

```
php bin/magento module:disable Milople_CallforPrice
