

Recurring & Subscription Prepaid Payments M2

Installation

- Get Recurring & Subscription Prepaid Payments extension from Milople Magento 2 extension store
- Unzip the extension and copy the folder structure in your store.
- Create directory called "code" if you are installing first extension inside the "app" directory then create "Milople" directory inside the code and paste the folder structure from module to that directory
- So, your folder structure will be like following

```
app/code/Milople
```

Activation

Open command line in folder root of Magento and run following commands via SSH using putty or others,

```
composer require authorizenet/authorizenet  
php bin/magento setup:upgrade
```

Uninstallation and urgent deactivation

1. Deactivate Module using command

Open command line in root of Magento and run following commands via SSH using putty or others.

```
php bin/magento module:disable Milople_ Recurringandsubscriptionprepaidpayments  
php bin/magento module:disable Milople_All
```

2. Deactivate Module using config.php

- Open following file:

```
app/etc/config.php
```

- Replace 1 with 0 value in front of the following lines.

```
'Milople_All' => 0,  
'Milople_Recurringandsubscriptionprepaidpayments' => 0,
```

update the database

- Open command line in root of Magento and run following command via SSH using putty or others.
