

Size Chart Popup M2

Installation

- Get Size Chart Popup extension from Milople Magento 2 extension store
- Unzip the extension and copy the folder structure in your store.
- Create directory called "code" if you are installing first extension inside the "app"

directory then create "Milople" directory inside the code and paste the folder structure from module to that directory

- So, your folder structure will be like following

```
app/code/Milople
```

Activation

- open command line in folder root of Magento and run following commands via SSH using putty or others,

```
php bin/magento setup:upgrade
```

Uninstallation and urgent deactivation

1. Deactivate Module using command

- Open command line in root of Magento and run following commands via SSH using putty or others.

```
php bin/magento module:disable Milople_Sizechartpopup
```

```
php bin/magento module:disable Milople_All
```

2. Deactivate Module using config.php

- Open following file:
- app/etc/config.php
- Replace **1** with **0** value in front of the following lines.

```
'Milople_All' => 0,
```

'Milople_Sizechartpopup' => 0,

update the database

- Open command line in root of Magento and run following command via SSH using putty or others.

```
magento setup:upgrade
```

Remove Extension from your store Permanently

Deactivate Module

- Open command line in root of Magento and run following command via SSH using putty or others.

```
php bin/magento module:disable Milople_Sizechartpopup  
php bin/magento module:disable Milople_All
```
