# Automatic Related Products Extension for Magento 2 User Guide

#### 1. Introduction

The Automatic Related Products extension for Magento 2 allows delivering intelligent product recommendations and assists shoppers in finding a perfect match.

## 2. General Configuration

After buying the Automatic Related Products for Magento 2 extension, you can configure it by navigating here through the Magento backend.

## 3. Extension Configuration

After purchasing the extension, you can access your serial key from "My Account" dashboard and enter it here to activate the extension.

The status functionality can enable or disable the Magento 2 Related Product extension from here.
